GUIDELINES FOR THE PREPARATION AND SUBMISSION OF MANUSCRIPTS

NORMAS PRINCIPALES A TENER EN CUENTA PARA LA PREPARACIÓN DEL MANUSCRITO

Apreciado autor,

A continuación encontrará un resumen de las normas principales a tener en cuenta para la preparación del manuscrito. Este resumen debe considerarse como una guía básica para la elaboración del manuscrito. Lea detenidamente el documento original de Transplantation Proceedings (al final de este documento) con las instrucciones precisas.

Se ha de preparar un único documento de texto (.doc o .rtf) que ha de constar de dos partes :

> *Configuración del documento : Tamaño de letra 11 y tamaño de papel "Letter" 8,5 x 11 pulgadas (21,59 x 27,94 cm).*
> *Márgenes: 1 pulgada en los 4 márgenes del documento (2,54 cm).*

Prima parte : 1 página (ó 2 paginas si es preciso) en la cual ha de constar :

> *Título del trabajo en inglés y en mayúsculas*
> *Todos los autores e instituciones*
> *Resumen del trabajo en inglés a doble espacio, máximo de 250 palabras y tamaño de letra 11*
> *Dirección completa, telf, fax y e-mail del autor que será la persona de contacto*
> *La(s) página(s) de esta primera parte son gratuitas y no se facturan por parte de Transplantation Proceedings*

Segunda parte : Mínimo de 3 páginas de texto sin tablas, imágenes, figuras o gráficos
o bien mínimo de 2 páginas de texto con al menos 1 tabla, imagen, figura o gráfico

> *Título del trabajo en inglés y en mayúsculas*
> *Texto completo del trabajo en inglés a doble espacio y tamaño de letra 11*
> *Citas completas en las referencias en inglés (autores, título del artículo y nombre de la publicación citada incluyendo volumen, números de las páginas, etc.).*
> *Las paginas de esta segunda parte han de ir numeradas en el pié de página.*
>
> *Las tablas, imágenes, figuras o gráficos han de ir impresas cada una en una hoja al final del documento impreso.*
> *Las tablas, imágenes, figuras o gráficos se han de añadir en el CD en formato TIF o EPS para PC en blanco y negro. El uso de colores supone un cargo extra en la factura que emitirá Transplantation Proceedings (650$ las dos primeras tablas/figuras y 100$ a partir de la tercera tabla/figura).*
>
> *El total de páginas de esta segunda parte es la que se factura por parte de Transplantation Proceedings. Cada tabla, imagen, figura o grafico se cuenta como una página en el momento de la facturación.*

Durante las fechas del congreso se ha de entregar en Secretaria :

> *2 copias del formulario que aparece a continuación donde se ha de indicar el título del trabajo en inglés y en mayúsculas.*
> *3 copias impresas del documento (con sus dos partes)con las tablas/figuras impresas una en cada hoja al final.*
> *1 CD con el documento (con sus dos partes) y con las tablas/figuras en formato TIF o EPS para PC en blanco y negro.*

En caso de duda diríjase a la secretaria del congreso.

By submission of this manuscript to *Transplantation Proceedings*, I acknowledge that I have read the Guidelines to Authors and agree with the contents. I also acknowledge that I am responsible for all manuscript page charges, which will be billed to me by Elsevier, the publisher of *Transplantation Proceedings*, at the rate of US$99.95 per submitted manuscript page understanding that each table and figure will count as one manuscript page along with the text. Further, I understand that use of color reproduction of graphics will result in an additional charge. The abstract and title page are complimentary by *Transplantation Proceedings*. Additionally, I agree that this manuscript has not been submitted or published in any other journal, including *Transplantation Proceedings*, and no parts of the manuscript are duplicated. I understand that if the manuscript is accepted for publication, copyright of the manuscript is transferred to Elsevier.

TRANSPLANTATION **PROCEEDINGS**

GUIDELINES FOR THE PREPARATION AND SUBMISSION OF MANUSCRIPTS

10TH CONGRESS OF THE CATALAN TRANSPLANTATION SOCIETY (22-25 FEBRUARY 2009)

DUPLICATE PUBLICATION: Legitimate uses of the journal include publications of preliminary reports, such as an initial analysis of a limited case study or an assessment of early experimental findings of urgent interest. In both cases, the authors intend to expand their analysis in a complete study they will later submit for publication in *Transplantation Proceedings* or another journal. In contrast, duplicate publication is the verbatim inclusion of a subset of data derived from a much larger, already published or submitted analysis. Duplicate publication is wasteful of journal space and reviewers' efforts and may be a violation of copyright laws. *Transplantation Proceedings* has recently resolved to implement a series of sanctions should duplicate publication be discovered. Authors must agree that their manuscript has not been submitted or published in any other journal, including *Transplantation Proceedings*, and no parts of the manuscript are duplicated.

DEADLINE: Please hand your manuscript to the Registration desk during the meeting. PLEASE DO NOT SUBMIT YOUR MANUSCRIPT TO THE EDITIORIAL OFFICE. Because of the short lead time WE CANNOT ACCEPT any manuscripts received after the Congress has adjourned.

REQUIREMENTS: ALL MANUSCRIPTS MUST CONTAIN AN ABSTRACT (SEE BELOW) AND FULL CITATIONS IN REFERENCES. MANUSCRIPTS MUST FOLLOW ALL GUIDELINES SPECIFIED BELOW.

ABSTRACTS: All manuscripts MUST contain an abstract of no more than 250 words which briefly summarizes the manuscript. Abstracts must be typewritten, **double spaced, single columned on 8 1/2 x 11 inch paper with a minimum of 1–inch margins on all four edges using an 11–point font.** Manuscripts submitted without an abstract will NOT be considered for publication. Abstracts will not count toward the total manuscript page count. Please put the abstract on your title page which should list all authors, grant information, and complete address, fax, phone, and e-mail address of the corresponding author. Please repeat the title of the manuscript on the first page of your manuscript.

COST: Speakers and posters contributors have to defray the cost of their publication from their own budget. The publication charge is US $99.95 for each manuscript page.

LENGTH OF MANUSCRIPTS: **Papers must be at least 3 manuscript pages in length including references, tables and figures.** Please prepare a separate title page that should also contain your abstract. Please do not put your manuscript text in columns. Doing so will result in additional page charges. Each table or illustration must be counted as one manuscript page, due to the increased production time needed for this material. Please number the pages of your manuscript as a footnote.

STYLE, ABBREVIATIONS, AND REFERENCES: Full citations are REQUIRED in references. Authors are encouraged to refer to the *American Medical Association Manual of Style*, 9th Edition for specific style guide. Your manuscript must be typewritten, **double-spaced, single-columned on 8 1/2 x 11 inch paper with a minimum of 1–inch margins on all four edges. Only standard size type in 11–point font may be used.** The first page of your manuscript should begin with the title of the paper in capital letters, followed by the names of the authors followed by your abstract according to the guidelines listed above. Please be sure to leave sufficient space at the bottom of the first page to provide for the name of the institution, as well as grant support. Please provide complete address, fax, phone, and e–mail address of the corresponding author. Use of a second page is acceptable. The second page should contain your manuscript, repeating the title of the manuscript at the beginning of this page. **DOUBLE-SPACE THE MANUSCRIPT, FOOTNOTES, AND REFERENCES. Use of a smaller font, single spacing, or columns will result in an increase in the total number of manuscript pages. Each table and/or figure should be submitted on individual separate sheets.** The Editors strongly recommend that authors use tables and/or figures to document the findings described in the manuscript. Abbreviations should be used sparingly unless they are commonly accepted such as RNA, CsA, etc. When such a word appears for the first time, it should be written out in full, followed by the abbreviation in parentheses. This abbreviation may then be used subsequently when referring to the same term. Abbreviations for titles of medical periodicals should conform to those used in the latest edition of Index Medicus. (A "List of Journals Indexed in Index Medicus" - with abbreviations is obtainable from the Superintendent of Documents, US Government Printing Office, Washington, DC 20402 at a modest charge.) References should be listed by number in the body of the text, and should be listed in the Reference section in the same order in which they appear in the manuscript. Include FULL title of manuscript cited, authors' last names, and initials, journal, volume, page, and year. Include the city and the publisher's name for books. Authors MUST submit the entire manuscript, including any graphics, on a diskette or CD programmed for PCs in Word Format (.doc) or Rich Text Format (.rtf).

TABLES AND FIGURES: All figures should be submitted in final form ready for publication (this includes all labeling, shading, arrows, and other aspects of the figure). Prepare your figures for reduction in size of at most 50% and ensure that the lettering does not vary in size. The final font size (after reduction) should be 6-8 point. The physical dimensions of your figures should match the dimension of the journal. Most figures will be reduced to fit one-column width (3 ¼ inches). Computer-generated illustrations and halftones/line/tones (either color or black & white) are acceptable. **Figures should be submitted in a Graphics Format for PCs (.tif, .eps), on the same diskette as the manuscript**. Since we cannot guarantee that the graphic files will be useable, original hardcopies of ALL ILLUSTRATIONS MUST accompany the accepted printout of the manuscript in all cases. **Please note that there is an additional charge for color printing, therefore please ensure that your color illustrations are essential to your paper to avoid unnecessary charges.** All illustrations should be provided as separate files and as hardcopy on separate sheets. Uniform lettering, sizing, type of software used, and logical naming for the artwork files are strongly encouraged when submitting electronically. Files may be submitted on floppy, ZIP, JAZ, or CD-ROM disks. **Line graphs and bar charts should be sent in bitmap TIFF files with a minimum resolution of 1200 dpi, or as EPS files, with a preferred line width of 1 pt (minimum line width of 0.5 pt). Bitmap images should be sent as TIFF files and not placed within EPS files. Pictures, photographs, and micrographs should be sent as Grayscale TIFF files with a minimum resolution of 300 dpi without lettering, and 500 dpi with lettering. Color images should be sent as CMYK-encoded TIFF images.** RGB-encoded color images will be difficult to match for color. Graphs produced in software such as Excel or Word should be submitted in black and white hard copy with different types of dashed lines for total clarity. Please visit the publisher's website (http://www.elsevier.com/locate/authorartwork) for detailed instructions and visual guidelines. **ALL ILLUSTRATIONS SHOULD SHOW OPTIMAL CLARITY OF DETAIL**: All photographs should be printed on glossy paper and accompanied by a suitable descriptive text.

MANUSCRIPT RECEIPT: The special editor for the volume or designee upon submission of your manuscript will give you a receipt detailing the total number of pages.

PLEASE SUBMIT TWO (2) PRINTED COPIES OF THE AGREEMENT FORM, THREE (3) PRINTED COPIES OF THE MANUSCRIPT ALONG WITH A CD CONTAINING YOUR MANUSCRIPT AND TABLES/ FIGURES - PROGRAMMED FOR PC - TO THE CONGRESS ORGANIZER (AOPC) AT THE REGISTRATION DESK IN THE VENUE (CCIB) DURING THE DATES OF THE CONGRESS (22-25 FEBRUARY 2009). Manuscripts sent directly to the Editorial Office will be returned.

REVIEW: Manuscripts are reviewed on the first level by the Special Issue Editor (or Co-Editor) and then on a second level by the Editor-in-Chief (or a member of the Editorial Advisory Board). Authors will receive communication from the Special Issue Editor (Meeting Organizer) regarding manuscripts that are not suitable for publication in the form delivered to the meeting. These manuscripts may be revised and resubmitted directly to ***Transplantation Proceedings*** for review and reconsideration for publication in a subsequent issue on a space-available basis.
